

## **External Clock Details for Siglent Spectrum Analyzers (SSA3X, SSA3X Plus, SVA1X, and SSA3X-R Series)**

**March 25, 2021**

1-5Vp, 10MHz +/- 100 ppm (Sine preferred)

This indicates that the external clock can be “off” from 10 MHz by +/- 100 ppm. All frequency measurements are scaled according to the clock. If the clock is not 10 MHz, then the frequencies indicated on the instrument will also be off.

### **North American Headquarters**

SIGLENT Technologies NA  
6557 Cochran Rd Solon, Ohio 44139
