

# How to quickly save a picture with SIGLENT SDS Oscilloscopes

October 25, 2017

Many SIGLENT scopes feature a quick print key located on the front panel.

To save a copy of the display image as a bitmap file (BMP):

1. Verify that the Print key is assigned to the save to USB. This is indicted by an "S" located at the top of the display:

If the scope indicates "P", then you will need to reconfigure the print button.

- 2. Insert a USB memory device into the USB port located on the front panel of the scope
- 3. Press the Print button located on the front panel:
